

ZENNER FHD Hydrant Meter Stand

Model ZHSD-STAND

INTRODUCTION: ZENNER FHD Hydrant Meter Stands are designed for use in supporting FHD Hydrant Meters when attached to a Fire Hydrant.

INSTALLATION: The ZENNER FHD Hydrant Meter Stand is attached to an FHD Hydrant Meter Rear Housing using two 3/8" Bolts. The height of the stand can be adjusted using a combination of the threaded rod and snap-buttons.

CONSTRUCTION: ZENNER FHD Hydrant Meter Stands include fabricated stainless steel components and stainless steel hardware. All of the fabricated components are powder coated black.
